

Calendar

2008

Catalysis for Society to be held on 11-15th May 2008 in Cracow Poland.

The 22nd Santa Fe Symposium on Jewelry Manufacturing Technology will be held in Albuquerque, New Mexico, USA on 18th-21st May 2008. Details from www.santafesymposium.org

The 11th Annual NSTI Nanotech Conference will take place 1st-6th June 2008 in Boston, Mass. USA. Details at www.nsti.org

The 32nd Annual Conference of Precious Metals is to be held in Desert Ridge Phoenix, Arizona on June 6th 2007 June 10th 2008.

International Symposium on Homogeneous will be held in Florence (Italy) from 6th-11th July 2008. Symposium web site www.ishe16.it

Nanocatalysis: Fundamental and Applications will be held in Dalian, China July 9-12th 2008 for general enquiries e-mail congress@dicp.ac.cn call for papers www.nano.dicp.ac.cn. The scope of the conference covers Synthesis of nanomaterials, Characterization and theory, Applications of nanocatalysis.

14th ICC, Seoul, Korea and Symposium on Creation and Control of Advanced Selective Catalysis in Kyoto, Japan. The 14th International Congress on Catalysis (ICC) is to be held in Seoul, Korea from July 13-18th 2008. Topics for the conference include 'Innovations in catalyst design', 'New findings in reaction mechanisms', 'Advances in catalytic reaction engineering', 'Catalysis in energy/fuel production', 'Catalysis for fine chemicals/ industrial chemicals production' and 'Sustainable green catalysis'. Further information can be found on the conference website (www.icc2008korea.com). There will be a pre-symposium on advanced selective catalysis in Kyoto, Japan from July 8-12th www.shokubai.org/intern/ICC-Pre/

5th International Conference on Environmental Catalysis (5th ICEC) will take place 31st August-3rd September 2008 at Queen's University, Belfast, N.Ireland. Details via Prof. R.Burch, e-mail: r.burch@qub.ac.uk

5th International Conference on Combinatorial and High-Throughput Materials Science to be held on 28th September – 2nd October in Seon Bavaria, Germany.

2nd International Conference on the Electrochemical Promotion of Catalysis and its Applications (epocap) will be held on Oleron Island, France on the 29th September to 3rd October 2008. www.efepoc.com

Fuel Cells Science and Technology to be held 8-9th October 2008 in Copenhagen, Denmark more information on fuelcelladvances@elsevier.com

2009

AURUM: "authentication and analysis of gold work", workshop will take place in Paris, at the C2RMF in the Louvre Palace, from Monday 11th May to Wednesday 13th May 2009. The aim of this workshop is to consider the main applications of scientific techniques used to study manufacture and circulation of ancient gold artefacts and coinages. One day is totally dedicated to a special session on the different aspects of forgery, trade and authentication of gold work. A first full announcement and call for papers with the different scientific topics will be sent out in June 2008. The number of participants is limited to 70.

6th World Congress on Catalysis (6WCOC) will be held in Lille, France on the 5th to 10th July 2009 www.6wcoc.org. Congress topics are Fundamentals and analysis, Towards transferability: from fundamental to application and Transferring technologies and industrial processes.

The 13th ICQC will be held at Helsinki on 22nd-27th June, 2009.

GOLD 2009. The 5th International Conference on gold science, technology and its applications will be held at the University of Heidelberg, Heidelberg, Germany on 26th – 29th July 2009. See conference website for details and call for papers, www.gold2009.org
